

# Flour to Frac Sand.

And everything between.

**AlloMaxx™**  
Ultra Light-Weight Discs **by** 

**AlloMaxx™ ultra light-weight discs are available exclusively on BTI Butterfly Valves.**

- One valve replaces: Ductile and Stainless Steel, use for either Food Grade or Extremely Abrasive materials
- Half the weight of Stainless Steel or Ductile Iron
- Stronger and tougher than Ductile Iron
- Food Grade alternative to Costly, Heavy Stainless Steel
- When used with a BlackMaxx Composite Fiber Butterfly Valve you can save 50% on weight
- Up to 30% more flow than a ductile disc
- Available in 2" through 8" and fits MaxxLife and BlackMaxx valve bodies.
- Made in America

*BlackMaxx with AlloMaxx™ Disc  
the perfect combination.*
